

I believe that KLOVE is important in our community because there isn't any other Christian radio station out there that we can pick up on radios. KLOVE is an asset to this community, you would not believe the number of KLOVE bumper stickers I have seen on peoples cars showing their support for this radio station. It would be a tragidy to take KLOVE off the air. If you feel there needs to be another radio station out there, go ahead and put it out there but don't take KLOVE off the air to do so. We love KLOVE and we want it to stay right where it is. Thank you for doing the right thing.
